VOLUME CVII.--NO. 119. ALEXANDRIA, VA., THURSDAY EVENING, MAY 17, 1906. PRICE 2 CENTS.

They Stand Alone.

Standing out in bold relief, *all alone*, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—*printed in plain English*. This frank and open publicity places these medicines *in a class all by themselves*, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither *—being of known composition.*

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.

A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native, American forest plants. These are best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted FREE, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practicaly all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SENSATIONAL TESTIMONY.

The most sensational testimony which has been presented to the special insurance investigating committee of the Wisconsin legislature was given yesterday afternoon when Insurance Commissioner Host, of the Wisconsin Department of Insurance, testified before the committee in Milwaukee that on June 16, 1903, the day on which the hearing in the case of the State of Wisconsin against the Equitable Life Assurance Society of the United States for a compulsory distribution of the surplus of that company to Wisconsin policyholders was to be held by him, Secretary of State Walter L. Houser entered the insurance commissioner's office and said that if Mr. Host would render a decision in accordance with a slip handed by Mr. Houser to Mr. Host, which would have been a decision favorable to the Equitable Company, that the Equitable Life Assurance Society would give $2,000 toward a campaign fund for a renomination of the state officers in the next campaign.

The slip which Insurance Commissioner Host testified Secretary of State Houser handed to him was presented to the commission and contained on it these words;

"Petition is denied and same is dismissed for the reason that a determination of the subject thereof requires the exercise of judicial function that cannot be exercised by the defendant. It is further announced as a rule of this department that no similar proceedings be entertained until a final adjudication of the same is had in the courts of the State."

Mr. Host testified that he told Mr. Houser that he would think the matter over. His decision was against the Equitable Life Assurance Society, which afterward took the case into the courts and there obtained a rule adverse to Mr. Host's order for a compulsory distribution of the surplus on deferred dividend policies at least once in five years.

Insurance Commissioner Host further testified that Robert Luscombe, who has for years represented insurance companies before various legislatures, telephoned to him three times from Chicago between June 16 and July 31, 1903, the latter having been the day on which Mr. Host rendered his decision, and asked Mr. Host to come to Chicago, saying he thought he had an argument which would convince Mr. Host that the statute in question was not compulsory.

Secretary of State Houser took the stand in his own defense and admitted that he and Luscombe were friends and declared that Luscombe had handed him the written slip of paper which he had handed to Mr. Host and requested that he give it to the insurance commissioner. Mr. Houser, however, emphatically denied that any mention was made of a campaign-fund contribution at the time of his handing the slip of paper on which the Equitable decision was written to the insurance commissioner.

Mr. Houser admitted that he had asked Mr. Host to request contributions from insurance companies for a political campaign fund against Congressman Joseph W. Babcock, in the Third Wisconsin district, and said Mr. Host had not taken unkindly to the suggestion, but said he would think the matter over. This suggestion in regard to the Babcock campaign fund was, however, not made at the time of the handing of the slip in regard to the Equitable decision.

Both Secretary of State Houser and Insurance Commissioner Host have been among the supporters of United States Senator La Follette. Secretary Houser is running for a third time.

Strawberries Drive Many Crazy.

Statistics regarding the insane of the country in general show that each year there is a marked increase in the number of persons who become insane by the the time the strawberry season is well under way. When the fruit disappears from the daily table records of different asylums show that the number of cases decreases.

Dr. E. P. Bloomer made these statements Saturday to C. E. Hagar, secretary of the Colorado State Board of Charities and Corrections, during a visit to the State House in Denver. Dr. Bloomer is on his way from Buffalo to the Pacific coast to get definite statistics from insane hospitals in California and other western States, and will visit the Colorado Asylum on his return journey.

Dr. Bloomer said he was unable to explain why insanity cases should be more numerous during the time when shortcake and berries and cream are in general use, but added that he was firmly convinced there was some peculiar influence exerted on persons of a certain nervous temperament by strawberries.

This effect on some persons physicially, he said, was known to all physicians. Many are unable to eat even one dish of strawberries without suffering from a rash which covers the entire body. Dr. Bloomer believes that in the case of some persons the mind is affected instead of the body.

Commenting upon the above the Philadelphia Record says: Fuller, the old divine, used to quaintly say of the strawberry, which he cultivated, that "doubtless God could have made a better berry, but doubtless God never did." In the estimation of some doctors the strawberry is a deadly poison to many persons but it was left for a Buffalo physician to discover, on the strength of alleged statistics, that the strawberry season is marked by a great increase of insanity. He might as reasonably have attributed the increase of insanity to hay-making in the same season with the strawberry. His statistics would be as valid in one case as in the other. But what is the precise strawberry season, which begins in Florida in February and ends in Canada about the middle of July?

FINANCIAL

THE MONEY QUESTION IS MANY SIDED.

One of the phrases is "How to avoid the embarrassing situation of being short of ready cash, though you may have money at home." If you have a check book and a banking account you are never caught in such a situation. Why not carry a checking account with this Corporation? Your money is safer in bank than anywhere else. A bank account teaches, helps and encourages you to save. Paying bills by check is safer, as the check becomes a receipt for the debt it pays. A check book is more convenient to carry than a wallet filled with legal tender. If your check book is lost the Bank will give you another; when you lose your wallet the story is different. To have a bank account and pay by check gives you better standing among business men and strengthens one's credit. Study this question—look at it as long as you will; the opening of a Bank account is desirable and advantageous, and we tender you our services and facilities. CALL TO SEE US.

AND VIRGINIA ADVERTISER

THURSDAY EVENING, MAY 17, 1906.

THE bitterest enemy of President Roosevelt could hardly wish to see him placed in a worse light before the country than yesterday's additional sensational developments in the rate bill controversy leave him in. By a convincing statement over his own signature, read in the Senate, ex-Senator Chandler substantiates in every detail all that had been said by Senator Tillman and Senator Bailey as to the negotiations with the President on behalf of the democrats. Mr. Chandler reiterates in the most positive manner the truth of his report to Mr. Tillman that the President has criticized Senators Knox, Spooner and Foraker, and that he began the negotiations with the democrats directly at the request of the President. But Mr. Chandler's statement, sensational as it was, took second place in interest beside the new development in the scandal which has all the appearance of an attempt on the part of some one close to the President, if not the President himself, to cover the administration surrender to the railroad Senators by besmirching the reputation of Senator Bailey, and shift upon his shoulders the responsibility for the failure of the agreement between the President and Senator Tillman. In the Chicago Tribune of Tuesday and New York Tribune of yesterday, both noted administration organs, appeared articles charging that the administration had been informed by ex-Senator Chandler that he and Tillman were suspicious of Bailey; that the latter was having secret conferences with Senator Aldrich, and that it was believed Bailey was co-operating with the enemies of the rate bill to place in the measure the broadest sort of a court review amendment under cover of his famous anti-injunction provision. In referring to these articles Mr. Bailey said: "I denounce the publication as an unqualified, deliberate and malicious lie. I denounce that correspondent as an unqualified, deliberate and malicious liar. I denounce the man who inspired the statement as an unqualified, deliberate and malicious liar, whoever he may be and however high the office he holds."

A DISPATCH from London announces the death of Right Rev. E A. Bickersteth, Bishop of Exeter. The deceased was 81 years old. Bishop Bickersteth had quite a reputation as a writer of religious books and poems. Among his best known books were a comentary on the New Testament and the poem "Yesterday, Today and Forever." The latter appeared nearly forty years ago, and it immediately appealed to members of all denominations, as it abounded in beautiful thoughts, while it manifested the scholarship of the author as well as his high spiritual culture. It is the bishop's conclusions concerning the spiritual world and the ages which are to follow the Christian dispensation written in blank verse. While the correctness of some of his speculations may be subjects of controversy, no person ever read the poem without drinking in its spirit conclusions of the deceased are and profiting by the animating thoughts of the bishop. If the correct. Oriel is now conducting him amid scenes for which his soul longed during his long pilgrimage on this mundane sphere, and he is mingling with those of his own household who preceded him and to whom he refers in his poem as follows:

For twice the gates of pearl
Had open'd on their musical hinges, while
The angels ministrant had t'en each time
A little tender ewe-lamb from our arms,
To nurture it, so Jesus will'd, in heaven.

THE CITY authorities of Nordhausen, Germany, have forbidden women to wear trailing skirts within the boundaries of the town, as the practice is said to scatter germs and dust and so to constitute a public nuisance. The police are ordered to arrest all offenders, who will be liable to a fine of $8 for the first offense and imprisonment for a repetition. The law is a good one and should be enforced, if for no other reason than that cleanliness is next to godliness. The quantity of dirt and dust that a woman collects in a long skirt and takes home with her after walking the streets is astonishing.

AMONG the resolutions adopted at the recent session in Hazleton, Pa., of the Susquehanna Synod of the Lutheran Church was one discouraging the use of Christian services that present "the Santa Claus myth," on the ground that they are injurious to the youthful mind and subversive of Christian truth. "As the Santa Claus myth" has caused unspeakable happiness to numberless children and it has never done harm to one of them the action of the Susquehanna Synod seems remarkable. But some people are prone to tear down and build nothing upon the ruins of what they have destroyed.

The General Assembly of the Southern Presbyterian Church will meet in Greenville, S. C., today.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 17.

Since ex-Senator Chandler has appeared in the role of an enemy to the administration by accusing the President of bad faith and a juggler of the truth, speculation has been busy as to what measures the Executive would take to "get even." The least that would happen to Mr. Chandler, the gossips reckoned, would be his official beheading. As chairman of the Spanish Treaty Claims Commission, Mr. Chandler's job is at the absolute mercy of the President. By the stroke of a pen President Roosevelt could remove him from office and if he were so removed Mr. Chandler would have no redress under the civil service law or other protective statute. It is understood that the President will not attempt to revenge himself by decapitating Chandler. Perhaps he would do so if his arch enemy had a long tenure of office before him, but as there are only three and a half months remaining of the commissions's life under the law the President will probably let Mr. Chandler serve out his term. It is even hinted at the White House that Mr. Chandler would welcome a discharge. Were he ousted from his place for his outspokenness it would give him an opportunity to indulge in more of the bitter speech for which he has become famous. It is further intimated at the White House that Mr. Chandler is guilty of ingratitude in thus attacking the President, for, it is said, the President recently granted the Spanish treaty claims commission six months more life and salary than Congress originally intended it should enjoy and that upon the urgent solicitation of Mr. Chandler. The life of the commission expires September 2d. Recent estimates of the showing made by the commission, since its creation after the Spanish war, place the cost of fighting claims at about $100 for every dollar saved the United States Treasury.

The full report of Commissioner of Corporations Garfield regarding the relations of the Standard Oil Company with the great railroads of the country, a synopsis of which was sent to Congress by the President on May 4th, was made public today. It was delivered to Congress accompanied by a letter of transmittal from the President without comment. The document consists of 500 printed pages, or about 250,000 words. It presents in detail the evidences of rebating and secret rating by which the Standard has been able to crush out competition and pile up inordinate profits. The most interesting features of the report are reproduced in a special letter from Commissioner Garfield to the President, designed as an answer to the Standard's defense which was issued shortly after the publication of the original summary. In this letter the commissioner among other things says: "It is an interesting fact that in 1901, in response to a request from the Industrial Commission for information as to the freight rates to certain points in the South, Mr. Archbold wrote the commission and gave the rate from Whiting to Birmingham, Ala., as 44 cents; from Whiting to Memphis, Tenn., as 18 cents; from Whiting to Little Rock, Ark., as 30½ cents; whereas at that time and until the secret rates were discovered by the Bureau of Corporations, the Standard Oil Company was shipping traffic on the following rates: From Whiting to Birmingham, by way of Grand Junction, 29½ cents; from Whiting to Memphis, by the same route, 15 cents; from Whiting to Little Rock, by way of East St. Louis, 26 cents. These facts are all set forth in full in Chapters VI and VII of the report."

Frank Washington, colored, an elevator boy, was placed under $500 bonds by Judge Kimball in the police court today to appear before the court for a trial by jury in the early part of June on a charge of assault on little girls, which he has been carrying on for months. Last night he stopped the elevator between floors with a nine-year-old girl as the sole passenger and began to hug and kiss her.

President Roosevelt received a visit this morning from a delegation representing the Merchant Marine League of the United States, which is urging the President to use his good offices in securing the passage of the ship subsidy bill for the sake of the fast dying merchant marine of the United States. The President assured his callers that he would do his utmost to secure the passage of the bill. Confidentially, it is understood, the President told the delegation that Speaker Cannon is opposed to the measure and un'ess he can be won over the prospects for its passage this session are rather slim. The President told his callers that if the Speaker will only give a sign, the measure could be passed. The delegation left the White House, it is understood, very much encouraged over the prospects and all hands will make an assault later upon the Speaker with the hope of changing his mind upon the subject.

Australia is now going to make war on her rabbit pest scientifically, having raised $75,000 for experiments on Broughton Island, off Newcastle, reports Consul Goding to the Department of Commerce and Labor. Dr. Danyez, of Paris, will be in charge, and it is proposed to infect rabbits with such contagious diseases that will spread among their kind, but do no harm to other animals or humanity.

Fifty-ninth Congress.

Washington, May 17.

SENATE.

When the Senate met today at 11 o'clock, to resume consideration of the railroad rate bill, President pro tem Frye occupied the chair, owing to the absence from the city of the Vice President.

The amendment agreed to in committee of the whole, making pipe lines common carriers, was taken up. Mr. Beveridge moved to include natural or artificial gas lines.

Mr. Foraker opposed this as "a whim" which if adopted, would entail great financial loss and embarrassment upon Cincinnati, Ohio, which has invested five million dollars for the transportation of its own gas from West Virginia.

The Senate defeated the attempt to have natural or artificial gas pipe lines made common carriers.

HOUSE.

When the House met today, separate votes were had on the amendment to the naval appropriation bill which does away with further manufacture of chains, anchors and cordage in the government navy yards, and provides for their purchase in the open market, and the one to give a 10 per cent preferential to Pacific coast ship builders in competing for the building of the $10,000,000 battleship.

The House passed the naval appropriation bill, the chief feature of which is an authorization for a ten million dollar battleship, which when completed is expected to be the most powerful warship of all the navies of the world.

The Court of Pardons in Trenton, N. J., today commuted the sentence of Anna Valentina to life imprisonment.

News of the Day.

There was a serious gas explosion in the Diamond mine at Scranton, Pa., this morning. It was learned later that there was no loss of life. Several were badly burned.

"If, as reported, John D. Rockefeller owns 33 per cent. of the capital stock of the Standard Oil Company he has received in dividends, since January 1, 1898, approximately $113,500,000.

Pennsylvania Railroad officials testified before the Interstate Commerce Commission, yesterday that they had received checks and stock in coal companies from the latter to be favored in the matter of cars and rates.

Dr. Charles Brown said yesterday in Washington that Senator Gorman's condition is now better than it has been for a long time. He slept nearly eight hours Tuesday night and spent a most comfortable day. Dr. Brown is confident of Senator Gorman's recovery.

Dr. Thomas S. Latimer, one of the most widely known physicians in the South and professor of medicine at the College of Physicians and Surgeons in Baltimore died yesterday at his residence in that city after an illness of six months. Dr. Latimer was born in Savannah, Ga., June 17, 1839.

The suit for an absolute divorce brought by William M. Lawson, a wealthy jute bag and burlap manufacturer, of New York, against Lena L Lawson is to be tried a third time. The second trial ended yesterday, after being on for seven days before Justice Garretson, in the Supreme Court, in a disagreement of the jury.

United States Judge Cross, in Trenton, N. J., today ordered the United States Marshal to return plates and papers seized on the plant of John M. Rogers & Co., at Gloucester City, which were taken under a search warrant by the secret service officers on misapprehension of being lottery paraphernalia.

The body of Mr. Thomas Mason, of Charles county, Maryland, was buried yesterday in Greenmount Cemetery, Baltimore. Mr. Mason was the last in the male line of descendants of Thomas Mason, of Woodbridge, Prince William county, who was the fifth son of George Mason, of Gunston. He was born in March, 1828, on the estate of his great-grandfather in Charles county, Maryland, where he lived until the close of the war between the States.

The big double-decked ferryboat Baltimore, of the Pennsylvania Railroad Company, sank in her slip at the foot of Desbrosses street, North river, New York last night after having been in collision with a steam lighter in midstream. Following the crash the captain of the Baltimore ordered full speed ahead and rushed his boat into the New York slip. The vessel had begun to settle before the last of the 150 passengers and the several teams on board had reached the landing stage. All got ashore safely, however.

The hearing of the Ames bill to regulate insurance in the District of Columbia before the House committee on the judiciary yesterday digressed during a long session to a discussion of campaign contributions by insurance companies to political parties Senator Bulkeley, of Connecticut, who is also president of the Aetna Fire Insurance Company, frankly admitted, in answer to questions by Mr. De Armond, of Missouri, that his company had contributed $5,000 of its funds in 1896 to the republican national committee to assist in the defeat of Mr. Bryan.

The Trust's Reply.

The Standard Oil Company yesterday, issued to its shareholders a statement in reply to the special message recently sent to Congress by President Roosevelt and the report on the country's oil industry by Commissioner Garfield, of the Bureau of Corporations, which accompanied it. The statement is signed by C. M. Pratt, secretary, and was issued by order of the board of directors. It denies positively the charges that the Standard Oil Company benefited by secret rates for the transportation of its products

"Whatever measure of prosperity it has enjoyed," says the statement, "is not traceable to illegal or reprehensible methods, but to its economic and elaborate industrial organization, covering, as it does, every detail of transportation, manufacture and administration." The statement declared that the estimate that the company saves $750,000 a year through the operation of certain freight rates, could only have been arrived at by theorizing.

Died in France.

S. K. Harris yesterday received a cablegram at Berryville, Clarke county, announcing the death at Nice, France, of Lewis Washington, a member of the Washington family, of Virginia, and a descendant of Gen George Washington's brother. Mr. Washington was 36 years of age, and is survived by a widow, who was Miss Annie Cox, of New York, and one brother, William Washington, of New York. Several years ago, Mr. Washington underwent a severe surgical operation at the hands of a famous surgeon in Austria, and since then had been in poor health. Since his marriage, two years ago, he had lived abroad, seeking to benefit his health. His father was the late James Washington, a former wealthy resident of Pittsburg and New York. Mr. Washington for several years made his home in Berryville.

Mrs. Davis Suffers Relapse.

New York, May 17.—Mrs. Jefferson Davis suffered a slight relapse yesterday afternoon, and her condition took a sudden turn for the worse. Dr. Wylie was hurriedly summoned and remained with her several hours. It was said at the Hotel Gerard this morning that the patient's condition was somewhat improved over yesterday afternoon and last night.

Letter to Thomas J. Fanpon.

Alexandria Virginia,

Dear Sir: You give full weight of good coal.

So do we—231 inches to a gallon of paint that takes fewer gallons than mixed paint and wears twice as long as lead-and-oil; and allow our agent to sell it on this guarantee:

"If you have any fault to find with this paint either now in putting it on, or hereafter in the wear, tell your dealer about it.

"We authorize him to do what is right at our expense."

We know a dealer in coal, who delivered his coal with a public weigher's ticket (full weight) invited complaints, and actually exchanged the coal when complaint was made. He had half the business; a dozen firms had the other half.

We are 150 years old, but not too old to sell paint as that dealer sold coal. We like to pay damages—when there are any.

Yours truly,
F W DEVOE & Co.

P. S.—E S Leadbeater & Sons sell our paint.

THE METHODISTS.

Bishop C. B. Galloway yesterday at Birmingham, Ala., presided at the session of the General Conference of the Methodist Episcopal Church South.

The itinerancy committee reported concurrence in a memorial from the Japanese Mission Conference, asking that the same exceptions in regard to the time limit be extended to the Japanese preachers as those now made in the case of missionaries of other foreign stations.

A report from the publishing committee provides that the book committee shall have authority to extend assistance to the editor of the Christian Advocate and to the book editor. The same committee recommended that, "as price of material and labor have advanced in San Francisco as a result of the earthquake, $10,000 be appointed to the Pacific Methodist Advocate, to be expended by the organ in the next four years."

The same committee reported concurrence in the recommendation that the conference authorize further expenditure for an enlarged building at Shanghai, China The church extension committee recommended the reduction of the board of insurance from 11 to 7.

The committee on American Bible Society recommended nonconcurrence in memorials seeking to dissuade the society from publishing the American Standard Revised Version of the Bible. The special committee on Sabbath observance presented a report admonishing church members against Sabbath desecration "involved in the plea of so-called works of necessity and mercy of modern life, including Sunday travel."

President Roosevelt was praised by the committee for refusing to travel on Sunday when touring the country, as was also the late President McKinley.

A special committee on the case of Senator Reed Smoot presented resolutions calling for his expulsion from the Senate and urging the President and the Senate to bring about a speedy decision.

The committees on appeals affirmed the six months' suspension of Rev. W. W. Hicks from the Holston Conference for "the repetition of an indiscretion," it being alleged that he kissed a woman.

CONGRESSIONAL.

At last the railroad rate bill has passed through its preliminary stages in the Senate and is now ready for consideration as a whole. Discussion of amendments under the fifteen-minute rule was concluded yesterday, after an all-day struggle over the Culberson anti-pass provision, which has been made ridiculous by amendments, but which was adopted by an overwhelming vote. Discussion of the measure by the Senate proper will begin today.

After a vigorous fight against the naval committee's programme adding another big battleship to the navy at this session of Congress, the House yesterday ratified the action of the committee by the vote of 135 to 103. The bill was not concluded. The naval appropriation bill carries an appropriation of nearly a hundred million dollars, including $6,000,000 for a monster battleship to rival the Dreadnaught.

The House committee authorized a favorable report on the omnibus bill appropriating $1,300,000 for aids to navigation.

The Central Asylum.

The legislative investigation of the Eastern State Hospital at Williamsburg yesterday brought out many interesting statements on the part of Dr. Southall, second assistant physician, and Texas Clowes, formerly an attendant at the institution. These two witnesses were the only ones examined.

Dr. Southall again stated that politics and church dissensions were responsible for his having been reduced in rank. He said that the Central (negro) hospital is better managed than the one under investigation. Witness said that the Montague Building was faulty in construction and a bed of vermin. Dr. Southall said that he regarded straitjackets as necessary in the management of refractory patients.

The startling portion of Dr. Southall's testimony was that relating to a pledge he was forced to sign before being elected second assistant physician. The pledge was dictated by Mr. Clowes, a member of the special board, and after signing he felt that he was bound hand and foot. Dr. Southall said that he had ordered only one female patient ducked, and that was to quiet high hysterical excitement.

Texas Clowes, an avowed enemy of Dr. Foster, said that he was connected with the hospital as special attendant of Peyton Conway, who was handcuffed and clothed only in a shirt. Witness told of his difficulty with Dr. Foster in which the latter was injured. He told a tale of cruelty alleged to have been practiced on the male patients by Dr. McGuire Williams. "I considered him a brute," said Mr. Clowes.

During Mr. Clowes' testimony the ladies in the audience were requested to leave the room. Dr. Williams is now a surgeon in the United States army.

The investigation will be continued today.

Plead for the Shad Industry.

At a meeting of shad fishermen of Delaware and New Jersey in New Castle, Del., Saturday, John W. Titcomb, of the Fisheries Bureau, Department of Commerce and Labor, discussed the failure of the shad industry and promised to have strippers sent to Delaware to look after ripe roe fish and purchase it for the hatchery. He gave as his opinion that the scarcity was due to sea fishing, and stated that legislation would prevent the destruction of the young fish. Pollution, he declared, was also a factor in the reduction of the fish by destruction of the eggs and young fry. A resolution was adopted asking the federal government to intervene and take possession of all waters and matters pointing to the betterment of the fishing industry.

Deafness Cannot be Cured

by local applications as they cannot reach the dise sed portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and useless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Episcopal Council.

One Hundred and Eleventh Annual Session.

FIRST DAY—EVENING SESSION

St. Paul's Church, May 16, 1906

The council resumed its session at 3:30 p. m. with Bishop Gibson in the chair. Rev. H. B. Lee read the report of Miss Duval, principal of the Virginia Female Institute at Staunton. The Institute has had a prosperous year and commends itself as heretofore to the support of all interested in the higher education of girls throughout the diocese of Virginia.

The council then went into a committee of the whole for the consideration of the revision of the constitution and canons of the diocese now before the council. Mr. James Caskie was called to the chair for this committee by the bishop and Rev. E. L. Goodwin presented the report. There have been changes in several of the canons, the order has been re-arranged to make it more logical and certain new ones have been added e. g. canon IV authorizing the election of a registrar for the diocese, canon V. providing for the election of a chancellor of the diocese who shall be the legal adviser of the bishop and also of the officers and committees of the council whenever they shall require legal advice in matters affecting the interests of the diocese. Canon VI. is also a new one with reference to the election of deputies to the General Convention which is required by the canons of the General Convention of the Episcopal Church. Canon VIII. of the contingent fund for diocesan expenses brings in the apportionment method for raising it from the various parishes. There was much discussion about this canon and its settlement was still in question when the hour of adjournment, 5:30 p. m., arrived.

The report of the committee on church property already referred to showed that $2,812.50 had been paid on Episcopal residences during the year and that two notes for $2,500 each were still due.

The general meeting in behalf of diocesan missions took place in St. Paul's Church at eight o'clock p. m. The bishop presided at the meeting, which was largely attended. Archdeacon Moncure first read his report of work among the people. Two new churches have been built during the year; $2,000 has been raised for the debt on St. Philip's Church in Richmond and there have been some excellent additions to the membership of the church.

The Rev. E. L. Goodwin, the diocesan secretary, then presented the annual report. It is undoubtedly the best that has ever been presented to the council, showing gratifying progress all along the line. All parishes save two are now filled and $10,460 has been contributed from parishes and Sunday schools for diocesan missions this year.

Other addresses were given by Dr. Evans of Richmond and the Revs. Robb White, George P. Mayo, F. L. Robinson, Morris S. Eagle and J. R. Ellis, on the respective missionary fields of the last five named here.

SECOND DAY—MORNING SESSION.

The council met for business at 9:50 a. m. with Bishop Gibson in the chair, and was opened with prayer by the Rev. Luke M. White of Warsaw, Va. After the reading of the minutes of yesterday the Rev. L. R. Mason read the report of the committee on new parishes approving of the setting apart of McGill parish in Fairfax county and of Newton parish in Warsaw county. This report was accepted by the council.

The Rev. Dr. Moncure moved that $100 be appropriated to the Rev. W. C. Latane during his illness from the Disabled Clergy Fund as testimony to his excellent work as assistant secretary of the council, which motion was unanimously carried.

The Rev. Robt. H. Goodwin offered a resolution that, as the funds of the Disabled Clergy Fund are in excellent condition owing to the good management of the treasurer, Col. Wm. H. Palmer, not more than one half of the amount remaining in the hands of the treasurer be authorized by the council to be given to the General Clergy Relief Fund of the P. E. Church at the discretion of the trustees after adequate relief has been accorded annually to the disabled clergy of the diocese. There was much discussion upon this resolution which was finally laid on the table.

Recess was then taken for Divine Service, the preacher being the Rev. Josiah Ware, of Culpeper, Va.

The council resumed its session after divine service shortly before twelve o'clock when the Rev. P. P. Phillips read the annual report of the standing committee of the diocese which showed that consent had been given to the consecration of four bishops and to the Diocese of Southern Virginia for the election of a co-adjutor bishop on the ground of the extent of diocesan work.

Messrs. W. Russell Bowie, J. J. Gravatt, jr., Joan M. Green and Alexander Stuart Gibson, who are now at the Seminary near this city, were recommended for Holy Orders by the same committee.

The Rev. C. Braxton Bryan, D. D., of the Diocese of Southern Virginia, by consent of this council read a memorial with reference to the erection of a monument to the Rev. Mr. Hunt, the first clergyman of our communion in the colony of Virginia, and asked for the appointment of a committee of seven with the bishop of the diocese as chairman for co-operation with like committees from the dioceses of Southern Virginia and West Virginia, to erect a monument to Rev. Robt. Hunt either within or without the church, to be erected by the Society for the Preservation of Virginia Antiquities on the site of the old church at Jamestown to be modelled as far as possible after the original design and to be consecrated by the bishop of Southern Virginia as an Episcopal Church, with a welcome given to other denominations to hold services there of their own at certain times. An able letter from the bishops of Southern Virginia to the Association for the Preservation of Virginia Antiquities at its last meeting in Richmond, this month, was read by Dr. Bryan. It defined the status of the church as an Episcopal memorial building guarded by its consecration according to the use of the Protestant Episcopal Church although the funds for its erection are to be provided by the association. The following in addition to the bishop of Virginia were appointed as a committee from the diocese: Revs. L. R. Mason, H. B. Lee, W. M. Clark, Messrs. Joseph Bryan, Rosewell Page and F. W. Christian.

The bishop then read his report which is summarized as follows: Visitation—123; confirmations, 804 of whom 4 are colored; churches consecrated, 7; postulants received, 6; total number of postulants 13; candidates for orders, 11; deacons ordained 5; priest ordained 1; transfers of clergy to other dioceses 3; transfers received, 8.

One clergyman is reported deceased during the past council year, Rev. Charles J. Holt, of West Point, Virginia. In concurrence with and at the suggestion of Rev. Professor Crawford, Dean of the Theological Seminary, near this city, he was the founder of the Sprarrow Fellowship to which he devoted much of his energy. Under this fellowship a senior student selected by the faculty has an appoinment to study for two years at some well-known university either at home or abroad.

The bishop called attention to the new canon of the general church requiring that every congregation be given the opportunity annually to contribute through a Sunday offertory to the cause of general missions. The men's thank offering for the blessings of Anglo-Saxon christianity to this continent is to be made in Richmond at the time of the general convention. The deputies, lay and clerical, to the last general convention are the committee for securing that offering.

The bishop referred to his address of last year in which he stated that among the Anglo-Saxon peoples war on a large scale was generally followed by an increase of persons seeking to enter the sacred ministry. This was shown to be the result of the Crimean war and the civil war in this country. He had lately received letters stating that the same thing was true after the South African war and after the Russian-Japanese war the Christian theological seminaries in Japan had received large accessions.

This testimony is valuable and particularly useful if it gives ground, as the bishop believes it does, to appeal in our advocacy of the claims on young men of the Christian ministry to the motives which are most serious unworldly and, if one may say so, heroic.

Appended to the Bishop's report were those of Archdeacon Moncure, of the Colored Work, Archdeacon Neve of the Blue Ridge Missions, of Archdeacon Tyler of the general mission work of the diocese. All showed steady progress, a deeping interest in the various fields and greater contributions than in the past. After the Bishops address the council adjourned till 3:30 p. m.

Tonight a foreign missionary meeting will be held at St. Paul's Church which will be addressed by Rev. J. G. Meem, of Brazil, and Rev. Watara Sakakibara, of Japan. Early services will be held at Christ Church tomorrow morning at 7 o'clock.

Today's Telegraphic News

Mr. Bailey has the Evidence.

Washington, D. C., May 17.—Senator Bailey today presented in the Senate the documentary evidence in his possession tending to discredit the published statements that he had acted treacherously to his party and had attempted to prevent effective railroad rate legislation.

On seeing the publications yesterday Mr. Bailey wrote to ex-Senator Chandler as follows:

"Partisan republican newspapers are charging that you have at some time written a communication to the President, or to some members of his administration, impugning my good faith with reference to the pending railroad rate bill. I would thank you to send to me a copy of any communication which you have made to the President, or to any member of his administration and which could possibly have been made the basis of any such charge."

Ex-Senator Chandler's reply enclosing his memorandum to the President, his letter to Mr. Loeb, and extract from his diary is as follows.

"I have your letter of today, and I enclose to you a copy of a memorandum sent by me to the White House on the morning of Wednesday, April 11th. I think the memorandum was not dated, but my retained copy is dated April 11th. I did not therein give the President any assurance as to your attitude relative to the so-called game, because I had not seen you, and did not feel authorized by anything Mr. Tillman had then said to give any assurance in your name.

"At 9:15 p. m. I saw Mr. Tillman, and talked with him fully, and he then told me that neither he nor yourself were entering into games with the railroad Senators, and at 9:30 I saw the President and told him what Mr. Tillman had said, and that he need have no apprehension on the subject. I inclose to you copies from my diary.

"April 13th I saw Mr. Moody and again on the 14th, and arranged with him to see Mr. Tillman and yourself on the next day, Sunday, the 15th."

The memorandum to the President from Mr. Chandler was as follows:

"The game of the railroad Senators is to support Bailey's amendment and induce him to agree to a broad right of review. What this is to be is not certain; but the principal object is to 'beat him,' meaning the President. Mr. Tillman, however, considers himself as acting with the President to pass the review clause with the minimum amount of court power, and will not enter into any such game."

His note to Mr. Loeb, dated April 11, was as follows:

"Please hand this to the President privately. I am hearing an important case all day today, but could see him if he wished to see me, at one o'clock."

The extract from the ex-Senator's diary, was as follows:

"The diary, April 11.—At 9:15 p. m. saw Senator Tillman at Colonial about railroad rate legislation. At 9:30 at White House saw President Roosevelt alone upstairs. Talked of railroad rate and many other things for more than an hour. He was very gracious. At about 10:30 to Colonial with Tillman until 11:45." It will be noted that the date of the Chandler memorandum to the President April 11, was two days before the Chandler-Tillman negotiations with the President had been opened. Within those two days Chandler had ascertained that Bailey was not working with the so-called "railroad Senators," and so informed the President, who thereupon directed Moody to open negotiations with Bailey as to the constitutionality of his no-injunction amendment. This he did on April 13, and 14 and Bailey's active participation in the conferences dated from that time.

Senator Bailey took the floor at 1:15 and submitted to the Senate his correspondence with ex-Senator Chandler, regarding the alleged impeachment of his fidelity to railroad rate legislation.

Mr. Bailey said that no democratic Senator knew anything about Chandler's memorandum until yesterday "but" he said, with much feeling, "the President himself showed it yesterday to a republican Senator and a republican member of the House and if necessary I can call the names."

Mr. Bailey said: "The President did not consider the Chandler memorandum an impeachment of my good faith for three day after he asked me to confer with his Attorney General on a vital legal point in this controversy. 'I have no words to express my contempt for the man who treats with others whom he suspects of treachery and none but a traitor would do so.

I know the fortunes of war. A man in the forefront must bear his brunt of battle, and I am willing to take my share. I know that war means killing. If it be civilized warfare no complaint shall fall from my lips. But square dealing is more on the lips than in the hearts of even our political opponents. They should at least fight with the common fairness of the prize fighter. They ought not to strike below the belt.

"Never before has any man charged me with double dealing and trickery. And no man ever shall without my denunciation. I will brand his face with the liar so that all men may know him, and all honest men shun him."

Although, as he declared, the Chandler memorandum did not impeach his integrity, Senator Bailey demanded to know where a certain correspondent got access to it. "Was it obtained from the man to whom it was addressed?" he inquired.

Disestablishment of English Church Possible.

London, May 17.—The disestablishment of the English Church is becoming decidedly possible as an outcome of the attempt now being made by the liberal government to amend the present education law. Under the existing statutes numerous public schools which were supported by local taxes are under the control of the Church of England and all teachers are compelled to pass the Church of England's religious test before receiving appointments and the scholars are taught the Church of England creed.

The liberals have introduced a bill in parliament placing all public schools under direct local government control and abolishing religious tests as the first step in the direction of complete secularization, similar to that which obtains in America.

The Church of England is fighting the bill with medieval fury, and declines to compromise on any point. The Church says it must have a voice in the school management. The Church has enlisted the support of the conservative party, but most of the fighting will be done by the bishops.

The government can easily pass the bill through the House of Commons, but the bishops and the conservative nobles have a majority in the House of Lords, and the government has been informed that the House of Lords will throw the bill out. The government retorted by the declaration that if this is done the cabinet will resign and appeal to the country for a new general election, and if it favors the liberals this will be accepted as an indication that the country is ripening for disestablishment. Churchmen are becoming uneasy at this, for there is no doubt that an election would go against the church. The education bill has thus assumed a new interest which may make it the most important legislative measure since the Reform bill introduced in 1830.

Murderous Assault by Monkeys.

Grand Rapids, Mich., May 17.—A tragedy which rivals in its details Edgar Allen Poe's famous story "The Murder in the Rue Morgue" occurred here on Tuesday night but the full facts have just come to light. Two monkeys owned by Dr. B. J. Sudsense, 340 Lyon street, invaded the sleeping room of Rifford Worth, the 7-year old son of R. F. Worth, armed with a knife and attacked the little boy while he lay asleep, inflicting a dozen deep wounds, which it is feared will caused the youngster's death. The child's grandmother, who heard his screams, was driven from the room by the monkeys when she tried to rescue him. By the time other members of the household had been summoned the monkeys had fled through an open window, by which they had made their way into the house. The only way in which the action of the monkeys can be accounted for is that the animals had seen Dr. Sudsense operate upon patients, made unconscious by the use of an anesthetic, and attempted to imitate his actions upon the boy they found sleeping quietly in the room they entered.

Another Assassination.

Tamboff, Russia, May 17.—A police officer named Zhkanoff who was one of the men who arrested Marie Spiridonov, the seventeen-year-old girl who assassinated M. Luzzenofsky, chief of the secret police of Tamboff, was assassinated on the street today. The revolutionists decreed the death of the man for participating in the brutal torture of the young girl.

Alleged Kidnapping.

New York, May 17.—Dr. Gegoriy Maxim, former resident of the short lived Baltic republic, and who was a political refugee from Russia on account of his attitude while editor of the Russ of St. Petersburg, is believed to have been kidnapped from his hotel in this city last week by Russian secret service men, and shipped back to the country of the Czar, a prisoner in the hands of his abductors.

New York Stock Market.

New York, May 17. 11 a. m.—Bull pools were aggressive on the floor of the stock exchange this morning, and met little opposition in their work of forcing prices to a higher range. The movement in many of the active issues was attributed on the floor of the exchange to the Standard Oil interests. London was not much of a factor. In government bond the new fours registered declined ½.

Carnival Last Night.

The Naval Gun Factory Band were the guest of honor at the Elks' carnival last night. About 7:45 o'clock a a number of Elks' met the visitors at the corner of King and Henry streets, and amid a shower of rockets and the glare of innumerable red lights escorted them to the armory. The largest crowd of the week greeted this popular band on their appearance at the hall and for three hours thoroughly enjoyed the music. The concert given in the Elks' yard was a rare treat to lovers of music. The committee has extended to them an invitation to attend the fair next Tuesday night and it is thought an acceptance will be received. If last night differed from the two previous nights it was in the fact that all present appeared to enter more generally into the spirit of the carnival and a more good natured crowd never attended a bazaar in this city.

The lucky winner in the drawing for the U. S. bond was ticket number 217 held Messrs. Riley & Spinks. Tonight the Rechabites will attend the carnival in a body, and additional features are promised. Visitors to the bazaar tonight will be furnished tickets of admission to Luna Park.

Personal.

Dr. J. B Hodgkin, now of Manassas, was in the city today and called on many of his old friends.

Misses Clarence and May Snowden and Miss Jean Brent will give the weekly tea at the Golf Club house tomorrow.

Rev J. J. May and Mr. Hugo Herfurth have returned from the Lutheran Conference, held at Baltimore.

Among those present at the reception, given by President Roosevelt, at the White House yesterday afternoon, in honor of the delegation of Lutheran Ministers of the Missouri Synod, which met in Baltimore May 9 to 15, were Rev. and Mrs. J. J. May, Mr. Hugo Herfurth, wife, and daughter. Mr. George Herfurth of this city and Mr. R. W. Herfurth of New York.

The condition of Lieutenant Smith of the police force remains unchanged. The carbuncle from which he is suffering has, so far, failed to yield to treatment.

Police Court.

[Justice A. B. Caton presiding.]

The following cases were disposed of this morning:

William Gilmore, arrested by Officer Lyles charged with being drunk in the streets, was dismissed.

A white man, arrested by Officer Roberts charged with assault, was dismissed

Aaron Jackson, colored, arrested by Officer Jones charged with indecent conduct, was fined $5.

Martha Thomas, colored, arrested by Officer Roberts charged with interfering with an officer in the discharge of his duty, was fined $5.

Mary Johnson, colored, arrested by Officers Knight and Ferguson charged with disorderly conduct, was dismissed.

James Minor, charged with stealing a razor, was fined $5.

Says Wife was Cruel.

Cruel and abusive treatment by the woman whose acquaintance he formed through the medium of a newspaper advertisement, and to whom he was subsequently married, is the reason given in the petition of John C. Bieligh, for a divorce from Christina Bieligh, filed in the District of Columbia Supreme Court yesterday. Mr. Bieligk says that after a correspondence of a few weeks he and the defendant were married in Alexandria on November 13, 1903, and went to live in Washington. In exactly five months and two weeks from the day of their marriage, he says, his wife deserted him. He charges that she committed several assaults upon him and that she was addicted to the drink habit.

Daughters of the King.

The tenth annual meeting of the local Assembly of the Daughters of the King will be held in St. Paul's Memorial Chapel tomorrow as follows: Celebration of the holy communion at 10 a. m.; celebrante, Rev. P. P. Phillips; "Quiet Hour," conducted by the Rev. Wythe Kinsolving, of Epiphany Church, Barton Heights; business session immediately after "Quiet Hour;" services in St. Paul's Church at 8 p. m., conducted by the rector; addresses by the Rev. John Moncure, Rev. J. Poyntz Tyler, Archdeacon of the diocese. The clergy, and all others interested in devotional work among women, are cordially invited to be present at these services.

The New Steamer.

The new ferry steamer Callahan of the Norfolk and Washington Steamboat Company passed this city at six o'clock this morning on her way to Washington. The Callahan left Wilmington, Del., about noon Tuesday, but remained at the Breakwater until 5 o'clock yesterday morning in consequent of heavy weather outside. The Woodbury, the sister steamer of the Callahan, was leaving her slip at the time and they proceeded to Washington together.

Memorial Day.

R. E. Lee Camp of Confederete Veterans are perfecting arrangements for the proper observance of Memorial Day on the 24th instant. Congressman John Lamb, of the Richmond district, will be the orator of the occasion. A fine band of music has been secured and a choir in keeping with those of former years will be present.

Police Commissioners.

The Board of Police Commissioners met again last night. As has been stated, the commissioners desire to examine further into certain matters concerning the working of the police force, and to formulate the charges which have been preferred against certain members. The meeting adjourned subject to the call of the Mayor.

While Mr. George Norris was at work in a house in the extreme northwestern section of the city Tuesday evening his watch was stolen from the pocket of his coat which was hanging in another room.

Alexandria Day at Luna Park.

With the exception of the excursion and picnic department, the general offices of Luna Park, the half a million dollar enterprise which has sprung up under the direction of Frederick Ingersoll at Four Mile Run, have been removed to the park and are now located in the tower building at the left of the entrance. The excursion business will be conducted in the Mount Vernon Railway company's building at Pennsylvania avenue and Twelfth street, Washington, as heretofore, and all applications for picnic and special dates will be acted upon at that office. There have been several hundred applications for such dates and they are coming in without the least sign of diminishing in number and interest. A day that will be of especial local interest will be devoted to Alexandria. The plans have not yet been completed, but are well under way and will include a special programme with appropriate observances, special music and all the attending ceremony incident to such occasions. There will be open air features and games, and at night dancing, the evening band concert and some additional Alexandria exercise. The park will be opened on Monday, May 28, and the first week's programme will include daily concerts, morning and afternoon, by Liberatti's band of fifty pieces. On Friday night the band will give a strictly ragtime concert, and on Sundays there will be sacred concerts, with all the most popular airs going into that category, and selections from the various oratorios, cantatas and noted operas In addition to the regular Alexandria Day, June 12th will be devoted to the Alexandria Elks; June 20th to the firemen of this city; and there will be other days given to various organizations and industrial bodies to add local interest to the season

Banquet.

A banquet was tendered last night in the Young Men's Sodality Lyceum Hall to the talent which took part in the entertainment given last Friday night. During the evening speeches were delivered which were greatly enjoyed, as were also the recitations, singing, etc. Messrs. Rummel Bros. were the caterers.

To Fight Tuberculosis.

"Immunity in Tuberculosis" was the topic of a paper read last night by Dr. Simon Flexner, of New York, before a joint meeting of the National Association for the Study and Prevention of Tuberculosis and the Association of American Physicians, which has just concluded its annual session in Washington.

Dr. Flexner said it had been found that tubercular germs do not multiply outside of the bodies of human beings and animals affected by tuberculosis. This fact is of great value in fighting the disease. To secure at least partial immunization from the disease, he advocated the vaccination of young cattle with weak cultures of tubercular germs. Young animals treated in this way are protected from the disease, even though afterward exposed to it. By this means danger from drinking milk and eating the flesh of animals is reduced to a minimum. Application of such methods had not been made to human beings because of possible dangers involved, but Dr. Flexner thought experiments of this character may be tried in the future.

Will Retire From Company.

The Philadelphia North American says:

"Circumstantial reports that Alexander J. Cassatt has determined to resign the presidency of the Pennsylvania Railroad Company in consequence of the startling disclosures in the railroad coal investigation have reached the Interstate Commerce Commission. It is said that before leaving for Europe last week Mr. Cassatt told some of his closest personal friends that he has been grossly deceived by his subordinate officers of the Pennsylvania Railroad concerning the actual facts and conditions in the management of the company. These intimate friends were assured by Mr. Cassatt that he had relied upon statements made to him which in the light of recent developments have proven false. According to reports, Mr. Cassatt will retain his position until the investigation is concluded so that no one may say that he retired under fire."

Objected to Tar and Feathers.

Edward Collins, white, and his negro wife, who live near Indian Springs, Washington county, Md., were in Hagerstown yesterday to see State's Attorney Long about the conduct of some of the neighbors of the couple. It is claimed that a few nights ago a number of persons from the mountains above Indian Springs planned to tar and feather Collins and his wife. When the leader of the crowd approached the house and knocked at the door he was confronted by the negro woman, who opened fire on him with a revolver. He fled, as did also his waiting companions, the woman firing a number of shots after the fleeing party. The men left a pot of tar and a bag of feathers on the premises. Much feeling has developed against Collins and the woman, who was formerly Priscilla J. Pye, since they went to Chambersburg, Pa., two weeks ago and were married. The woman is the owner of a 150-acre farm.

Servians Attack Turks.

A dispatch from Cettinje, Montenegro, says that a band of Servians yesterday, surrounded a Turkish force at Nizams and Arnauts at Baritze. A sanguinary conflict followed and many were killed or wounded on both sides. Troops have been sent to re-inforce the Turks. It is supposed the affair is Servian revenge on Arnauts for having plundered a Servian village.

A dispatch from Saloniki says that on Sunday, between Pesta and Grebena, three Greek bands exterminated a party of Wallachs, men, women and children, escorted by a lieutenant and forty soldiers. They killed seven of the soldiers, wounded nine, and captured the rest.

At Decova, near Resine, yesterday troops exterminated a Bulgarian band of eight, the troops losing three of their number killed.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackets, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

BUFFALO LITHIA WATER

"All the Argument Necessary."

The International Journal of Surgery, August, 1905, under the heading "CYSTITIS" says: "In the treatment of Cystitis water is the great aid to all forms of medication. Moreover, **BUFFALO LITHIA WATER** is the ideal form in which to administer it to the cystitic patient, as it is not only a pure solvent, but has the additional virtue of containing substantial quantities of the alkaline Lithates. Patients should be encouraged to take from two to four quarts per day if they can, and the relief they will obtain will be all the argument necessary after the first day or so.

"IN URIC ACID DIATHESIS, GOUT, RHEUMATISM, LITHAEMIA, and the like, ITS ACTION IS PROMPT AND LASTING."

Dr. Geo. Ben. Johnston, M. D., LL. D., *Richmond, Va., Ex-President Southern Surgical and Gynecological Assn., Ex-President Virginia Medical Society, and Prof. of Gynecology and Abdominal Surgery, Medical College of Virginia:* "If I were asked what mineral water has the widest range of usefulness, I would unhesitatingly answer, **BUFFALO LITHIA WATER** In Uric Acid **Diathesis, Gout, Rheumatism, Lithaemia,** and the like, its action is prompt and lasting. * * * **Almost any case of Pyelitis and Cystitis** will be alleviated by it, and many cured. I have had evidence of the undoubted **Disintegrating, Solvent** and **Eliminating** power of this water in **Renal Calculus,** and have known its long continued use to permanently break up the gravel forming habit."

Voluminous medical testimony on request. For sale by the general drug and mineral water trade. Hotel at Springs opens June 15th.

COMMISSIONERS' SALE OF VALUABLE REAL ESTATE AND PERSONAL PROPERTY IN THE CITY OF ALEXANDRIA, VIRGINIA.

By virtue of a decree of the Corporation Court for the city of Alexandria, on the 24th day of April, 1906, in the chancery cause therein pending under the style of J. Albert Henderson vs. Annie S. Henderson et als., the undersigned, the commissioners of sale therein named, will offer for sale at public auction on

SATURDAY, the 26th day of May, 1906, at 10 o'clock a. m., at the front door of the Royal street entrance to the Market Building, in the city of Alexandria, Virginia, the following described real and personal property, situated in the city of Alexandria, Virginia, to-wit:

I. ALL THAT LOT OF GROUND WITH THE BUILDINGS AND IMPROVEMENTS THEREON, consisting of a 9-room brick dwelling situated on the west side of Patrick, between Prince and Duke streets, and known as No. 209 south Patrick street, and more particularly described as follows: Beginning on the west side of Patrick street 125 feet north of Duke street and 21 feet north of a 16 feet alley, and running thence west parallel to the line of said alley 100 feet; thence south parallel to Patrick street 21 feet; thence west on the line of said alley 23 feet 5 inches; thence north parallel to Patrick street 50 feet; thence east parallel to the line of said alley 123 feet 5 inches to Patrick street; thence on Patrick street 29 feet to the beginning.

II. ALL THAT LOT OF GROUND WITH THE BUILDINGS AND IMPROVEMENTS THEREON, consisting of a six room frame house situated on the west side of Patrick street, between Prince and Duke streets, and known as No. 211 south Patrick street, and more particularly described as follows: Beginning on the west side of Patrick street 104 feet north of Duke street on the north side of a 16 feet alley running from Patrick street to Henry street; thence north on Patrick street 21 feet; thence west parallel to Duke street 100 feet; thence south parallel to Patrick street 21 feet to the aforesaid alley; thence on the line of the aforesaid alley 100 feet to the beginning, with full and free use of the aforesaid 16 feet alley.

III. A LOT OF GROUND WITH THE BRICK TENEMENTS THEREON situated in what is commonly known as Friendship alley in the square bounded by King, Alfred, Prince and Patrick streets, and bounded and described as follows. Beginning at a point 49 feet 5 inches west of Alfred street, and 100 feet south of King street, at the intersection of the south side of a sixteen foot alley with the east side of a court or alley 23 feet 10 inches wide running parallel to Alfred street, and running southerly with said court 20 feet; thence east parallel to King street 80 feet to the line of the ground sold to the corporation of Alexandria; thence north parallel to Alfred street 20 feet to the alley first named, thence with this alley to the beginning with the right of way over both said alleys.

IV. A GROUND RENT of $21. per annum issuing out of a lot on Duke street between Alfred and Patrick streets, on which lot is erected house known as No. 917 Duke street.

V. ALL OF THE HOUSEHOLD FURNITURE AND KITCHEN UTENSILS contained in house No. 209 S. Patrick street above mentioned and described.

Terms of sale:—Cash as to one third of the purchase price of real property and balance in two deferred payments of one and two years, each evidenced by the negotiable notes of the purchaser, bearing interest at the rate of 6 percent per annum from day of sale, or all cash at the option of the purchaser. Title reserved until the entire purchase price is paid, and all conveyancing at the cost of the purchaser. Personal property all cash.
